

Minnesota Association of Alternative Programs

The Minnesota Association of Alternative Programs is once again proud to present MAAP 101, a professional development workshop designed to meet the needs of those who are new or relatively new to alternative education. Or maybe you are a veteran who could use a chance to sharpen your horns. Join us for a great day of sharing and learning at MAAP 101!

Here are a few things that were seen and heard during MAAP 101 last year!

- “Great math resources. I will use them on Monday.”
- “Lots of take aways!”
- “Loved this!”
- “Awesome! Great reflection!”
- “Always a pleasure to do circle group. Made me think.”
- “Student and parent perspectives”
