

OPEN SCIENCE POSITION – Please Read:

- Attention MAAP - if you are aware of any student centered – alternative minded – **SCIENCE** educators looking for a new home please direct them to this posting:

**Description:**

1.0 FTE Science Teacher at Tokata Learning Center for the 2019-2020 School Year.

**Job Summary:**

Plan, teach, and carry out all functions related to teaching Science. Areas of curriculum focus include Biology, Physics, and Environmental Science.

**Qualifications:**

Valid MN teaching license for Science.

Candidates need not have licensure in all subjects to apply.

Candidates with dual or multidisciplinary licenses are preferred.

Experience working in an alternative setting with at-risk students is preferred.

Candidate is student centered, flexible, and solution oriented.

**Program Overview:**

The Tokata Learning Center (TLC) is a small, student centered, relationship focused, alternative high school designed to help struggling students overcome challenges that are barriers to a successful school experience. TLC staff recognize that each student and struggle is unique. Therefore, the staff works hard to provide a personalized educational experience that is tailored to meet the individual needs and goals of each student. With flexible scheduling, traditional and self-paced course options, access to comprehensive student supports, and most importantly an understanding, caring, and supportive TLC school staff and community, TLC students who have struggled in mainstream school settings often find renewed hope and engagement in the learning process.

**Application Procedure:**

You must be a permanent employee of the district to use the internal application. Substitutes are not considered internal applicants and must complete the external application.

Apply on line a <http://www.shakopee.k12.mn.us/> under posting 4181.

**Selection Procedure:**

Applications will be reviewed until position is filled. Those selected for interviews will be contacted.
