

# MAAP STARS

MAAP Conference - 2015

# Where Instruction Happens

- Structured Class
- Extra Curricular
- Embed Curriculum into Work Experience Class
- Start right after the fall conference
- Classes for specific events (W.E. consumer econ., business)  
students must complete commitment to classes to attend

# Employment Interview

- Bringing in Professionals, school grandparents, alumni for mock interviews according to the criteria in manual
- Student to student and student to teacher mock interviews with feedback
- Taking them through how do you go into and come out of the interview, modeling & practicing that portion
- Video tape and have student and one other person view and assess according to the criteria

# Workplace Relations

- Case studies with problem solving
- Decision-making curriculum
- Instruction in regards to this happens in Team Management Decision Making
- Giving scenarios and discussing how they would handle the situation at their job
- Create case studies for each other

# Public Speaking

- Integrate into the class
- Scaffolded public speaking in front of the group everyday with a DQ (daily question) beginning with standing up in your spot. The speeches get longer and more structured throughout leading to final speech.
- Impromptu speeches
- Writing a planned speech
- Have the student come give speech to the staff

# Career Portfolio

- Go straight to Career Portfolio for instruction and curriculum content, includes interview element
- Interviewed someone in chosen field
- Get information from chosen career and include in the portfolio
- Include evidence of knowledge in career ie. project, reflection
- Testimonial

# Job Manual

- Student needs to be employed in the job
- Collect all literature, documents from current job
- Make the Manual look interesting ie. scrapbook
- Talk about responsibilities, what they enjoy in the job, how to do the job, and how to move up the corporate chain
- Corporate chains often have information, just ask

# Team Advertising

- Campaign on Trips program
- Curriculum on marketing, advertising, design
- Use exemplars and judges critique sheets
- Create original artwork so students understand the process and why specific choices were made that drive the advertising package

# Team Management Decision Making

- Case studies with problem solving
- Decision-making curriculum
- Instruction in regards to this happens in Team Work Place Relations
- Giving scenarios and discussing how they would handle the situation at their job
- Create case studies for each other

# Parenting Decision Making

- Case studies with problem solving
- Decision-making curriculum
- Instruction in regards to this happens in Team Work Place Relations
- Giving scenarios and discussing how they would handle the situation at their job
- Create case studies for each other
- Skits or role plays
- Visual Aides are great and do make a difference

# Video Promotion

- Idea, storyboard, editing
- Imovie, weVideo,
- khan academy - tutorials
- adobe
- oscars.com - look for education
- editing on youtube.com
